Discussion/Action/Motion: That the STNC through its Land Use Committee requests that the Los Angeles City Council implement a moratorium on all new residential construction within the City of Los Angeles until such time as the drought restrictions that are currently imposed on all Angeleno residents and businesses are lifted. *Speaking to the motion: Clearly if we do not have enough water for the existing residences we should not be able to take on more users. We are now one of the most park poor areas in LA and yet we are about to kill off the little grassy areas we do have. Notably in the news is the huge losses the city is about to sustain from the Parks and Recs having to let their grassy parks die and the resulting damage that requires money to repair.*
